

# REQUIREMENTS FOR DAYCARE AND BOARDING

## SOCIABILITY

All dogs participating in daycare and boarding, must be extremely friendly with other dogs. Here at Puppy's Playpen, dogs are monitored by trained staff to make sure every dog is respectfully interacting with each other in a positive environment. Dog daycare is not for every dog, some dogs require more space away from other dogs. Owners will be notified if their dog starts demonstrating inappropriate play or other unacceptable behaviors while in our care.

## AGE

The minimum age requirement for participation in all of Puppy's Playpen's services is 16 weeks. Puppies must complete their full round of puppy vaccinations.

## SPAY/NEUTER

All dogs over the age of 7 months must be spayed or neutered to participate in daycare and boarding. Dogs that are getting groomed only, may still be intact at any age. Dogs intact and over 7 months old will be kept separate from all dogs through their entire grooming appointment.

## VACCINATIONS

Dogs must be up to date on the following vaccines:

- Bordetella (1 Year)**
- Rabies (1 or 3 Year)**
- Distemper/Parvo (DA2P-P) (1 or 3 Year)**

## FLEA/TICK

All dogs must be on a topical or oral flea prevention and have no fleas present.

## DOGS WE'RE **UNABLE** TO CARE FOR:

- ❖ Requires injectable medications
- ❖ Are diabetic
- ❖ Has limited mobility, unable to get up on their own
- ❖ Completely blind or incontinent
- ❖ Had Kennel Cough in the past 30 days
- ❖ Pregnant, nursing, or in heat
- ❖ Dog-aggressive / fear towards dogs
- ❖ Fear towards people
- ❖ Has transmissible disease or condition
- ❖ Requiring strict/extensive medication instructions
- ❖ Other special needs

## DOGS WITH SPECIAL NEEDS

Some dogs require the attention & care provided by medically trained professionals. Our goal is to make sure every pet is cared for safely, whether it be with us or in the care of your vet / in home care professionals.
